Train the whole crew.
One curriculum. One invoice.

All-Access Passes for your whole crew — self-paced online classes for wastewater, drinking water, collections, and maintenance teams, with downloadable manuals, quizzes, and certificates of completion. Built by operators, for the people who run the plant.

UTILITIES · MILITARY BASES · CONSTRUCTION & INSPECTION · CONTRACT OPERATORS · SCHOOLS & COLLEGES · PROFESSIONAL ORGANIZATIONS

PER ALL-ACCESS SEAT
32 classes
Online courses open to that operator

TRAINING HOURS
103 hours
Per seat — not a group total

ACCESS WINDOW
365 days
From that operator's start date

Each seat is one All-Access Pass for one operator. Totals above are per seat; they are not multiplied by headcount.

INCLUDES — SAMPLE CLASSES

WASTEWATER
- Activated Sludge Basics
- Headworks Operation

DRINKING WATER
- Surface Water Treatment
- Drinking Water Disinfection

MAINT. / MEI
- Pumps for Water and Wastewater Operators
- Electrical for Water and Wastewater Operators

COLLECTIONS
- Collection System Operation and Maintenance
- Lift Station Operation, Maintenance and Troubleshooting

Full classes, not clips
Multi-hour courses with manuals and quizzes so every trainee covers the same material — on their shift schedule.

Certificates you can file
Each completer gets a certificate of completion for your training records. (State CEU / PDH credit varies — ask before you buy for credit.)

Ready when you are
No travel. No classroom booking. Start a new hire or a whole crew the same week you decide.

WHY ORGANIZATIONS BUY SEATS

- Same instructor-built content for every plant or site
- Exam-prep and process classes for operators and leads
- Fits rotating shifts and remote duty stations
- Simple for schools and workforce programs to assign
